

TRADE MISSION: RES 2026

Las Vegas | 23-26 March 2026 | Caesars Palace

Amotai

The Reservation Economic Summit (RES) 2026 is the premier event for American Indian enterprise. It serves as a vital gateway to Indigenous procurement opportunities, strategic partnerships, and impactful global Indigenous-to-Indigenous collaboration. Join us in shaping the future of Indigenous economies.

Why This Delegation Matters

For more than three years, Amotai and the National Center for American Indian Enterprise Development (NCAIED) have worked side-by-side to strengthen Indigenous trade, procurement and intergenerational opportunity.

NCAIED delegations have travelled to Aotearoa to speak at the Amotai Summit, run workshops, participated in wānanga, and champion Māori and Pasifika businesses across their extensive networks. Their generosity, insights and leadership embody the shared kaupapa between our peoples.

RES 2026 builds on this relationship - offering Māori and Pasifika businesses a direct pathway into one of the world's most advanced Indigenous economic systems.

- **Direct Access:** To unparalleled networking and procurement opportunities.
- **Strategic Insights:** Into the American Indian and wider American market.
- **Enhanced Visibility:** Showcasing your business on an international stage and potential to attract investment.
- **Learn:** from tribal leaders about their indigenous economic models
- **Collaborative Growth:** Fostering lasting relationships with Indigenous businesses.
